How to select the correct Size:

- A leotard should be worn when taking measurements, not street clothes.
- Use the measurement that best represents your size. The waist measurement is the least important when choosing your size.
- PW uses a 4-way stretch Fabric and for best fit, the garment needs to be a snug fit to the body and should not be loose. We do not recommend you go up a size to allow for growth as the Fabric will stretch with growth.

When measuring:

- 1. Bust:** Taken at fullest part of the chest
- 2. Waist:** Taken at natural waistline
- 3. Hip:** Taken around fullest part of the buttocks
- 4. Torso:** From right shoulder through the leg and back up to the right shoulder. Do not pull tape tight.
- 5. Inner Leg:** From the crotch to 2.5cm above floor in bare feet.
